## CARS24 sets standard for quality and trust

Chennai, Aug 23: Tamil Nadu is witnessing a significant rise in the demand for used cars, with CARS24, the leading AutoTech company in India, leading the way in promoting smart vehicle ownership. In fact, in the initial six months of 2023, the area experienced a noteworthy 80 percent surge in sales of pre-owned cars, indicating

a growing preference for second-hand vehicles. As the favored option among car enthusiasts in the state, CARS24 remains at the forefront, setting benchmarks in the industry by prioritizing innovation, customer contentment, and market dominance. In Chennai, the capital of the state, there's a notable increase in used car sales. This rise can be attributed

to a transparent and efficient buying process, highlighting the benefits of intelligent car ownership. Since its expansion in Tamil Nadu in September 2017, CARS24 has rapidly expanded its footprint, now catering to customers across twelve cities throughout the state. This extensive reach has firmly established CARS24 as the go-to destination for both car enthusiasts and sellers, catalyzing a significant transformation in the landscape of pre-owned vehicle transactions. The company's pioneering entry in 2017 marked a pivotal moment

for Tamil Nadu and Chennai's automobile market, and its unwavering dedication to delivering superior service and exceptional value has earned it an unparalleled reputation in the industry. "The notable increase in used car sales is a positive indicator of the changing automobile landscape in Tamil Nadu," said Gajendra Jangid, Co-Founder, CARS24. "Consumers are becoming more discerning in their choices, considering not only affordability but also the long-term value and practicality of owning a used car."
